

2013

Report

*Hospice*  
OF DAYTON 

Our **mission** is to celebrate the lives of those we have the privilege of serving by providing superior care and superior services to each patient and family.

**Brenda C. Humfleet**

bhumfleet@hospiceofdayton.org.  
*President, Hospice of Dayton Foundation  
And Chief Development Officer,  
Hospice of Dayton*

In this 2013 Mission Report, we are highlighting the quality of life made possible for our patients and their loved ones. Your support, through the Hospice of Dayton Foundation and our non-profit status, allows us extraordinary flexibility when it comes to patient care.

Through the generosity of our supporters, young people have the opportunity to rise above their loss and grief using the art therapy techniques and family counseling which will soon take place in the newly restored historical home located on the Hospice of Dayton campus. Patients being cared for in local extended care facilities or in their own homes are able to interact face-to-face with one of our hospice and palliative care certified physicians. Veterans find peace and benefit from the opportunity to participate in the Honor Flight to Washington, D.C. to visit the War memorials.

With your continued community support, we continue to do what is right for the patient without concern for profitability or shareholder return. Patients who do not qualify for Medicare, Medicaid or have private insurance receive the same extraordinary care provided to all patients cared for by Hospice of Dayton and Hospice of Butler and Warren Counties.

On behalf of the patients, families, board members, and staff, we offer thanks to you for your ongoing faith in our care and support of our Mission. Please contact any of us at the Hospice of Dayton Foundation at 937-258-5537.

Hospice of Dayton's mission began with our generous community banding together to ensure hospice care at the end-of-life was available to any member of our community who needed and wanted it. Thanks to the generosity of our community, we continue to fulfill our mission with passion, superior care and superior services. Since our inception 36 years ago we have had the privilege of serving over 72,000 patients and hundreds of thousands of family members. Our community has experienced dramatic change over these 36 years, and still our community's commitment to sustain our mission has never wavered. We are blessed by the faith our community has entrusted to us and are honored to celebrate the lives of the patients and families we serve. Thank you for your trust and for your support and passion for our mission.

**KENT ANDERSON**  
PRESIDENT/CEO HOSPICE OF DAYTON

# SUPERIOR SERVICES

In 2013, over **386,500** visits were made to patients and families by our staff.

Our team of physicians, nurses, Advanced Practice nurse specialists, respiratory therapists, personal care specialists, social workers, pharmacists, grief counselors, chaplains and volunteers deliver care in private homes, assisted care and extended care facilities, hospitals and our own Hospice Houses, enabling patient care to be provided in the setting which patients are most comfortable.

Donor support enabled **7,089** individuals to receive support from our Pathways of Hope Grief Support program in 2013.

# SUPERIOR CARE

3,802 patients received our care in 2013.

We serve families in Butler, Clark, Clinton, Greene, Miami, Montgomery, Preble and Warren Counties of Ohio.

# Vision

Hospice of Dayton and Hospice of Miami County announced a strategic partnership for collaboration to combine strengths to ensure the long-term success of the shared mission of serving more patients and their families with even higher levels of hospice care.

# Innovation

Cardiac hospice patients benefited for the first time from Cardiocom, a telehealth monitoring system that enables clinicians to monitor and quickly respond to new symptoms. Funded by donations, Cardiocom improves quality of life by helping patients avoid unnecessary hospitalizations and emergency room visits.

# Volunteerism

Volunteers contributed **68,260** hours of service to Hospice of Dayton and Hospice of Butler & Warren Counties in 2013. Their services in support of patients and families are the equivalent of \$1,458,034.

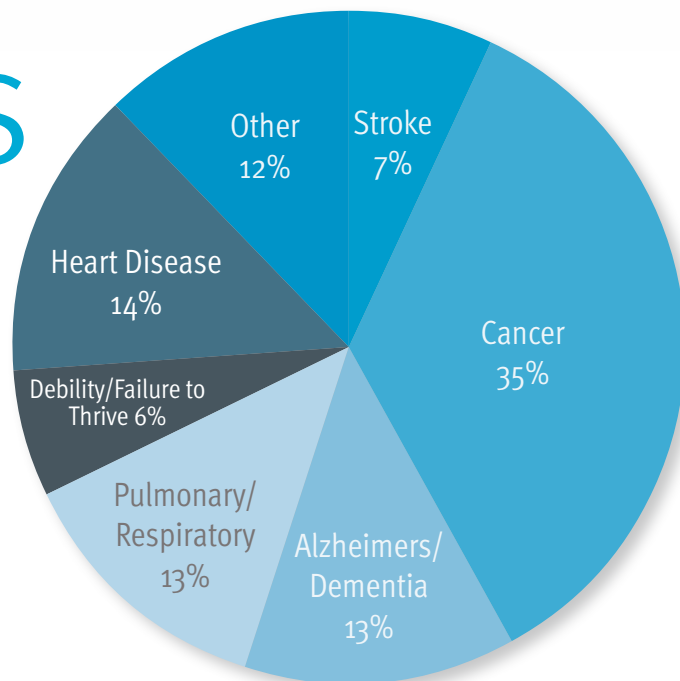

Innovative Care Solutions palliative care services is entirely funded by the Hospice of Dayton Foundation. Innovative Care Solutions assisted **1,807** patients in 2013.

The vision of Innovative Care Solutions (ICS) is to impact healthcare across the region by improving the quality of life for patients and families at the earliest point in the trajectory of serious illness. Innovative Care Solutions services are available in the Dayton region, including Kettering Health Network at Kettering Medical Center and Sycamore Medical Center, and Premier Health at Good Samaritan Hospital and Atrium Medical Center.

# PATIENT DIAGNOSIS

# 2013 Community Report

\$49,543,299 Reimbursement for patient care service  
\$3,660,050 Income from Investments  
\$2,959,887 Net contributions from the community\*

**\$56,163,236 Net funds received for patient care**

\$45,468,817 Expenses related directly to Care  
\$7,365,128 Expenses in support of Care  
\$3,489,589 Unreimbursed programs and services to the community

**\$56,323,534 Total expenses to provide care to patients and families**

»» We provided **\$3,489,589**  
in unreimbursed programs and services to the  
community.

»» We received **\$4,144,970**  
in contributions

\*United Way of the Greater Dayton Area donor designated dollar donation: \$102,041.73

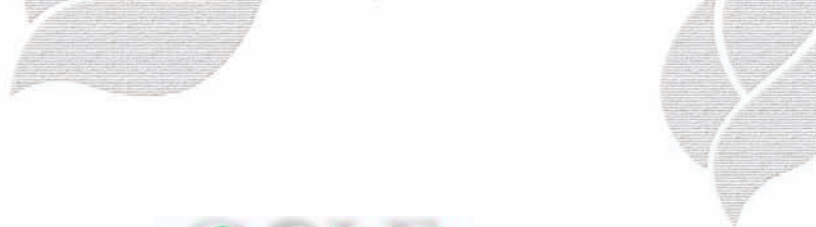

Camp Pathways, funded through donor support, annually welcomes a group of 50 children who have experienced the loss of a loved one, helping them to express their grief while experiencing a traditional camp experience.

## **Purpose:**

Help fulfill and sustain the Mission of Hospice of Dayton, Inc. by providing community support to:

- Fund extraordinary programs and services benefitting patients and their loved ones
- Fund capital needs (e.g. buildings; furnishings; equipment, etc.)
- Meet the long term endowment needs of the organization

# Technology

VGo Communications uses cutting edge technology to allow Hospice of Dayton physicians and Innovative Care Solutions staff to extend their expertise and interaction with patients remotely. Donor dollars enabled the introduction of VGo remote presence devices, which are integrated with a high-resolution camera, sensitive microphones, and video display mounted all on a lightweight, motorized, drivable, remote-controlled platform. This new tool increases patient/physician interactions to improve clinical outcomes and deliver a superior level of care for patients and their families.

# The William and Dorothy Yeck Family Grief Counseling Art Center

*“Thanks to the generosity of The William and Dorothy Yeck Family Foundation, we will be refurbishing a historical home located on the campus of Hospice of Dayton. This house will serve as the headquarters for art therapy for pre-death and post-death grief support. The William and Dorothy Yeck Family Grief Counseling Art Center will open in 2014.”*

Hospice of Butler & Warren Counties recognizes and thanks The Greater Cincinnati Foundation for delivering essential funding to our Healing Pathways Program. Their \$10,000 contribution will ensure that more than 60 children; ages 4-17, within our area have access to professional, licensed grief support at no cost. Community partners, like GCF, understand how unidentified grief can affect a young person's quality of life and what steps should be taken to enhance their well being and their future. We thank the GCF for their belief in Healing Pathways and our capacity to aid every child that seeks our help.
